INVENTORY

Connect your travel business to world-renowned suppliers

Your travel company can provide further: Accommodation products, Air, Car Hire, Transfers, Tours, Activities and Insurances and other services to the end customer via B2C, to other travel businesses with the B2B system, to corporate customers via Corporate Booking Tool or internally by B2E channel.

Offer your clients real-time availability, rates, impressive photo galleries and complete descriptions of your travel products with just one API integration.
